

UNLOCK YOUR POTENTIAL

# MISSOURI S&T SYSTEMS ENGINEERING

Elevate your career in engineering with advanced training and skills from Missouri University of Science and Technology (Missouri S&T). Our top-ranked graduate school can unlock opportunities for you in multiple industries.

Earn your master of science in a 100% online program *U.S. News & World Report* ranks among the nation's finest. Design a program that fits your busy schedule and career goals with stackable certificate options and customized courses (details, side 2). Work with an advisor to build what's next.

Increase your earning potential, and attain your brightest future at Missouri S&T.

## INCOSE CERTIFICATION PROGRAM

### ACADEMIC EQUIVALENCY

Graduates of the master's degree program can bypass the **International Council on Systems Engineering (INCOSE)** knowledge exam when applying for the Associate Systems Engineering Professional (ASEP) or Certified Systems Engineering Professional (CSEP) certifications. Course work meets academic equivalence standards recognized by the INCOSE Certification Program.

# CHOOSE YOUR PATH

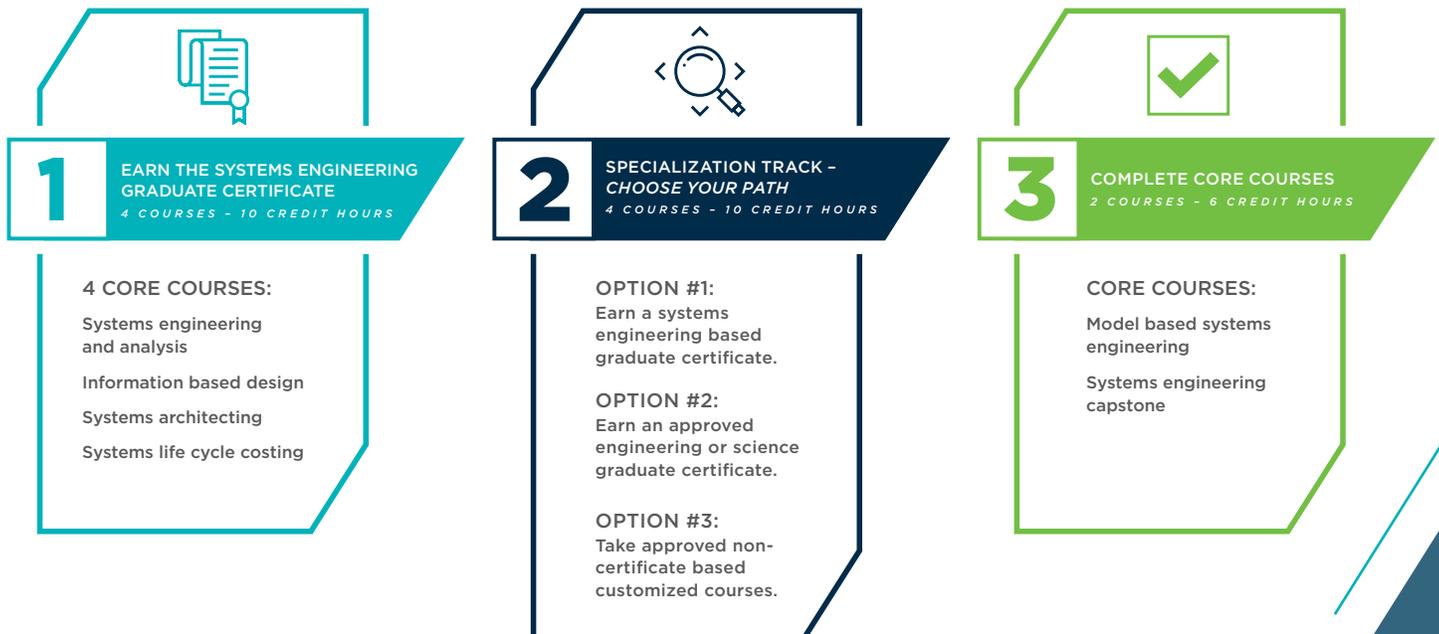

Missouri S&T offers modular options you can combine to fit your needs precisely. Combine or stack any one of these graduate certificates to create a master of science program tailored to your dreams. Each certificate consists of **four courses (12 credit hours)**, designed to complement the others so that you can assemble the path of your dreams.

## GRADUATE CERTIFICATES:

- Systems engineering
- Computational intelligence
- Cyber physical systems
- Engineering management
- Financial engineering
- Model based systems engineering\*
- Project management

*\* Name change to digital engineering in Fall 2024.*

## MODULAR APPROACH TO EARNING YOUR SYSTEMS ENGINEERING MS NON-THESIS - 30 CREDIT HOURS
